Jakarta Selatan, Indonesia

SUMMARY

Data Analyst and recent Data Science graduate with a year of internship experience in procurement analytics, dashboard development, and workflow automation. Experienced in transforming raw data into actionable business insights through data cleaning, visualization, and reporting using Python, SQL, Excel, and Google Looker Studio. Hands-on experience in machine learning and natural language processing through academic projects. Strong analytical and problem-solving skills with a passion for leveraging data to support business decision-making and operational efficiency.

EDUCATION

Binus University

Bachelor of Computer Science - Data Science

GPA : 3.32

Relevant coursework: Data Mining & Analytics, Database Management, Machine Learning, Natural Language Processing

Jakarta

2022 - 2026

Darunnajah Islamic Boarding School

High School in Science (IPA)

GPA : 89.15

Active in Student Organization - Language Section

Jakarta

2019 – 2022

EXPERIENCES

Data Analyst Intern, PT Tangkas Cipta Optimal (TACO)

Feb 2025 – Jan 2026

- Developed and maintained procurement reports and dashboards from 30,000+ records to monitor Purchase Request (PR), Purchase Order (PO), Goods Receipt (GR), SLA compliance, and vendor performance
- Collaborated with 20+ Procurement stakeholders to gather reporting requirements and translate business needs into analytical dashboards
- Maintained data quality through cleaning, validation, and standardization of procurement datasets
- Supported procurement reporting processes by consolidating data from multiple operational sources
- Prepared documentation and KPI reports to support procurement monitoring and decision-making

ORGANIZATION

Data Science Club, BINUS University

Media Department Activist

Jan 2024 – Jan 2025

- Created 20+ educational content on data science, AI, and machine learning topics to enhance student engagement and understanding
- Managed social media channels to promote club activities and events

Fundraising and Partnership Coordinator, DSC Cascade Talkshow

Mar 2024 - Jun 2024

- Secured partnerships and led fundraising initiatives to support event execution
- Managed budgeting, timelines, and coordination with external partners

Gocampus Ambassador, Gojek Indonesia

Oct 2023 - Dec 2023

- Promoted Gojek's services to the student community, strengthening communication and leadership skills

PROJECTS

Procurement Analytics Dashboard

- Built an automated ETL workflow using Python to combine data from 15+ Excel workbooks into a single

reporting dataset

- Processed and transformed 30,000+ procurement records through data cleaning, validation, and feature engineering
- Designed an interactive dashboard in Google Looker Studio consisting of procurement KPIs, PR/PO/GR tracking, SLA monitoring, and vendor performance analysis
- Developed analytical views covering 500+ vendors to support procurement evaluation and supplier monitoring
- Reduced manual data consolidation by automating repetitive preprocessing tasks before dashboard refresh

Sentiment Analysis on Shopee Electronics Reviews

- Collected and analyzed 11,000+ customer reviews from Shopee using web scraping techniques
- Developed a sentiment classification model using machine learning techniques to classify customer reviews
- Achieved 92.3% accuracy in sentiment classification
- Visualized sentiment distribution and customer feedback trends to identify factors influencing customer satisfaction
- Identified key customer sentiment trends to provide insights into product quality and customer satisfaction

CERTIFICATIONS

- Google Data Analytics – Google, Jul 2026
- Data Science Foundation - Udemy, Aug 2024
- Data Analysis with Python – freeCodeCamp, Jul 2024
- AWS Cloud Engineer Talent Scouting Academy - Kemkominfo, May 2024
- Fundamentals of Deep Learning - NVIDIA, May 2024

SKILLS

Programming : Python, SQL, HTML, CSS, JavaScript

Analytics: Data Cleaning, Exploratory Data Analysis (EDA), Statistical Analysis, Data Visualization, Dashboard Development

Tools: Microsoft Excel, Google Looker Studio, Tableau, Power BI, Notion, Trello

Soft Skills: Analytical Thinking, Problem Solving, Communication, Teamwork
